

PENDULUM

The background is a pixelated gradient. The top portion is dark green, which transitions through lighter greens and yellows to a dark red at the bottom. A white, pixelated shape resembling a pendulum is centered in the upper half of the image.

PENDULUM

-design, finesse, edginess

PENDULUM's jewellery are characterized by an innovative and bold design- combining raw materials like leather, epoxy and stone, with more feminine materials like ceramics, crystal, silk, Swarovski pearls, gold and silver.

PENDULUM is founded by Jewel designer, Jeannette Nielsen, who launched her first collection in 2006.

Jeannette has a passionate love for working with different materials and colours and master to combine them in the best possible way.

Her sense of design, finesse and edginess provides the PENDULUM's Collections with a distinct uniqueness- at PENDULUM's you will find jewellery, which cannot be found elsewhere.

Every piece of jewellery in the PENDULUM's Collection is made by hand and new designs are continually added to the collection.

PENDULUM's jewellery can be purchased in many exclusive fashion, museums and lifestyle shops. They can also be purchased from own showroom and PENDULUM STORE at Tordenskjoldsgade, near Kongens Nytorv in Copenhagen.
